Cross-collaborative/CFRLP Planning Update (5 min)

Science Team Scope Review (10 min)

Legislative Update from John Whitney (Sen. Bennett) (10 min)

Fire Season Outlook – Noah Daniels, SJNF (10 min)

CO Forest Action Plan Overview – Ryan Cox, CSFS (10 min)

Shared Values and Development of HVRA's (30 min)

- Where we have been a review of values from 2019 and 2020 collaborative planning efforts.
- Where we are now with RMRI values survey results.
- Where we are heading: RADS/spatial planning models; desired conditions; ecological, economic, and social monitoring.
- Group values exercise:

Three questions to think about:

- * What ecological, economic, and social values concern you the most within our geography?
- * Which of these values are most impacted by fire? This can be positive or negative impact.
- * Which of these values are most directly impacted by fire?
